attached is a plan of the monuments found,
recorded plans which were found were
c-17817, 01019.

we prepared a preliminary plan for planning
purposes. four points were found, a pk, two
bounds, a pipe and a rebar. please call if
you have any questions.

Thank you
Alex Ross

This letter concerns our recent telephone conversations about plans for 92 Ocean Drive, which we prepared. Originally we were hired to design & draft the structural renovations proposed to the building. The client then wished to have a plan prepared showing the property lines and the building. By briefly researching plans, deeds and field surveying we felt that we located the property line accurately enough for planning purposes. I stressed to the client that we would not be preparing a boundary survey. I am currently working towards my licensure and realize the importance of boundary surveys and the responsibility of the licensed surveyor. We did not set any monuments. We did not prepare a boundary plan, and it was noted as such on the plan. The client was aware that this was a planning document and not a boundary plan. The plan prepared was not stamped. We have been helpful by presenting our information to you, and would be glad to send you coordinates or other information you may require. Please contact Fred Emanuel or myself if you wish to discuss this matter further, or require any information.

Very Truly Yours,

Alex Ross, P.E., S.I.T.
